POST OFFICE BOX 40888 • SAN FRANCISCO, CALIFORNIA 94140 U.S.A.

AUCTION 36

Closing November 16, 1997, Sunday, 6:00 p.m. USA Pacific Time

Texas collectors can find older pieces listed in the following pages. Mexico and Latin-America are well represented as usual. Several curious coppers are described in the British Isles section.

Lot descriptions are of necessity brief and oriented to numismatists. Sizes are given in millimeters although large paper pieces may be in inches. Tokens are round unless otherwise indicated. Materials are shown as Al, Br, Cop, Ir, Ld, Nkl, Zn or Pl(astic). When parentheses are used it means that the information enclosed is not shown in the token legend or else describes some device on the token. h.a.m stands for "hole-as-made" to describe pieces pierced at the time of issue.

Catalog numbers from published lists are sometimes used to aid description, e.g. (L#101.3) and refer to the most current work on the topic. Listing each reference would be too cumbersome, so please write if you need to know which. Dollar values written (\$) stand for a suggested bidding level. An "MB" or "Res." enclosed in parentheses with a dollar value (e.g. (MB\$25)) means a "Reserve" or "Minimum Bid".

Multiple-piece lots in most cases are made up of common items and are selected for best grade and broadest interest. Most of these contain items which sell at shows for \$5-15 each but would not sell at auction. Damaged and worn items are not included.

Grading is subjective in a series as varied as tokens, especially with items crudely manufactured. I try to be conservative in grading and in most cases have reduced the grade if I have any question. Comments on my methods of operation are always welcome. All bidders have a ten day no-questions-asked return privilege. After ten days returns may be refused.

Please remember that a Bidder's Fee of 9% will be added to the sale price. After 4:00 pm USA Pacific Time on closing day phone bidders must raise current bids by at least 15% in order to qualify.

The left hand column below is the Lot number. Lots not listed received no bids or else received those too low for consideration.
